

Organic Descaler HD

Organic Descaler HD is a naturally derived, concentrated cleaning and descaling system. It combines a surfactant with a biological, natural fermentation extract for cleaning and descaling of electrical appliances as well as kitchen & washroom surfaces.

Removes general soiling and mineral deposits and when used as directed, is safe to use, safe for the environment, non-flammable and readily biodegradable.

Cleaner

- Quickly combats limescale and stubborn deposits for a deep, long-lasting clean.

Leaner

- Suitable for range of appliances
- Prevents pipe blockages
- Reduces cleaning time

Greener

- Reduced carbon footprint
- Naturally derived ingredients and fermentation products
- Not tested on animals
- 100% Biodegradable

CO₂e
Assessed

Organic Descaler HD

Use Instructions

DISHWASHERS

Drain machine and isolate detergent and rinse aid feed. Refill with freshwater only. Pour 50-100ml of product per 1 litre of water into dishwasher. Run machine to remove deposits. Repeat cycle as many times, as necessary. Drain and rinse machine, refill with fresh water, and replace detergent and rinse aid feed.

KETTLE

Half fill appliance with hot water. Dose with organic descaler HD (50-100ml per litre of water) and leave to rest for at least an hour, ideally overnight. Empty appliance and rinse thoroughly

SURFACES

Apply Organic Descaler HD using a cloth or stiff brush. Allow a few minutes of contact time, agitate the surface and then rinse the surface clean, removing any loosened deposits. Repeat as necessary.

Safety & Storage

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet (SDS).

The UK's leading manufacturer of Biotech cleaning products

- The UK's leading manufacturer of Biotech cleaning products
- Technologies are renewable and sustainable, sourced from plant extracts, fermentation and manufacturing by-products reducing CO2e and environmental toxicity
- 100% UK Manufacture and supply chain
- Post Consumer Recycled bottles provide a circular life cycle reducing CO2e and removing physical plastic pollution
- Our cardboard is made from 100% recycled material, is fully recycled and FSC certified (Forests for All Forever)
- ISO 9001:2015 & ISO14001:2015
- Zero waste to landfill
- Accredited to Carbon PAS2060, we offset our carbon with UK tree planting and VCS projects within the Amazon
- 100% Readily Biodegradable
- All manufacturing wastewater is treated
- Our technology has minimal aquatic toxicity
- Never tested on Animals
